Subject: Application for Teaching Position (ICT / Math / Physics / English)

Dear Sir/Madam,

I am writing to express my interest in the teaching position at South Point School & College in the subjects of ICT, Mathematics, Physics, and English. With a Bachelor's degree in Computer Science and Engineering and a strong foundation in both science and language, I am confident in my ability to contribute meaningfully to your institution.

I have experience conducting technical workshops, mentoring students, and leading academic projects, including international STEM competitions. My teaching approach is hands-on, engaging, and rooted in active problem-solving, helping students think independently and practically. I design structured lesson plans aligned with the national curriculum and incorporate modern teaching tools such as PowerPoint, simulations, and project-based learning modules.

In addition, I have achieved an **IELTS score of 7**, reflecting strong proficiency in English, which allows me to conduct classes and guide students effectively in the language. I am also skilled at preparing educational content, evaluating academic performance, and fostering a disciplined yet encouraging classroom environment.

I have attached my resume as requested and would appreciate the opportunity to contribute to your school's continued academic excellence.

Thank you for considering my application.

Sincerely,

Md. Zobaer Hossain Bhuiyan
